Hi [REDACTED],

I We're planning to put out a brief white paper next week that helps make the case for Penn South by looking at the various projects being built or planned around the region and how they influence expected ridership at Penn Station. We also wanted to push back a bit on the critics who are arguing for through-running, and raise a few other points of consideration for the Penn South planning process.

Would you mind reviewing this letting me know if anything seems amiss by end of day Tuesday? If you'd like to hop on the phone to discuss any of this early next week I'd be more than happy to do so.

Thanks so much and have a great weekend.

Best,
[REDACTED]
